Sub: Addition of new clause in the MTF of Road Transport Contract (RTC) for Vehicle Tracking Services reg.

Sir,

Please refer to the subject cited. In this connection, it is informed that Board of Directors had directed in the 391st Meeting held on 27th February, 2019 to make suitable modifications in Model Tender Form of Road Transport Contract for provision of Vehicle Tracking System.

Therefore, in order to enable the service provider for installation of GPS enabled Vehicle Tracking System (VTS) in the trucks provided by Road transport contractors, Competent Authority has approved after due concurrence of Finance and Legal Divisions that the following **new sub-clauses shall be added in the Clause No. XIII 'Responsibilities of the Contractor' of Terms & Conditions governing contract of the MTF of Road Transport Contract (RTC) as under:**

Clause No. XIII 'Responsibilities of the Contractor' Annexure-I (Terms & Conditions governing contract):-

- (m) (i) The contractor shall permit the installation of GPS device in trucks by the vendor appointed by FCI or any employee of the Vendor or FCI. The representative of the Contractor (RTC) shall be present at the time of installation/removal of GPS device in/from the truck.
- (ii) In case, it is established that the Damage/Loss of GPS device is attributed to crew of truck due to tampering or accidents, then the contractor shall be liable for cost of such replacements not exceeding the value of the GPS device. The General Manager/Divisional Manager of the Corporation will be the Sole Authority for determining the quantum of recovery from Contractor for Damage/Loss of GPS Device.

Therefore, it is requested to incorporate above sub-clauses in the MTF of RTC with immediate effect. The above amendments in the MTF of RTC will be applicable with prospective effect.

This issues with the approval of Competent Authority.

Yours Faithfully

(Vinod Kumar)
