Kindly refer to the communications cited regarding handing over of vacant land of
30000 Sft. to East Coast Railways, Visakhapatnam, where FSD, Bobbili is situated and in-operative
since 2002.

Now, the Estate Officer, East Coast Railways, Waltair has issued final notice / order
dated 8-6-2012 to vacate the land after demolishing the structure within 15 days from the date of
order; failing which the Railways will take steps to demolish the structures as per provisions and the
cost involved shall be realized from the FCI. Copy of notice / order dt.8-6-2012 is enclosed.

In this connection, it is to state that as per the status report dt.12-04-2012 submitted
by an Inspection Committee vide reference 2nd cited, it was already opined that utilization of FSD,
Bobbili at present is not feasible due to erection / establishment of various structures around the
godown complex by the Railways and also depleted condition of FCI godown. In case FCI takes up the
demolition of the structures, there may be labour resistance besides lot of expenditure involved. It is
opined that Railways may demolish the structures and debit the cost involved to FCI to avoid any
further complications from labour.

Kindly arrange to communicate decision of the competent authority at the earliest.

Order under Sub Sec.1 of Section 5 of Public Premises (Eviction of Unauthorized Occupants) Act.1971

(CENTRAL ACT 40 of 1971)

It has been reported by Sr. Divisional Commercial Manager, East Coast Railway, Waltair vide WCL/1/VBL/2010, dated 10/16.08.2010 that the Railway land measuring 30,000 sft with temporary structures at Bobbili Railway Station was temporarily licensed to the Food Corporation of India (as mentioned in the schedule) since 1947 by erstwhile BNRly/SERly for the purpose of stacking materials received and dispatched by Rail to various destinations. As the Food Corporation of India was not offering Rail bound traffic, Depot in-charge Food Corporation of India, Bobbili was asked to vacate the Commercial plot and remove the material, failing which action would be initiated under Public Premises (Eviction of Unauthorized Occupants) Act, 1971 vide Reporting Officer's letter dated 01.06.2002. Subsequently, Chief Commercial Manager/E.Co.Rly/Bhubaneswar during GM's annual inspection at Bobbili on 11.02.2010 has instructed the Waltair division stating that Food Corporation of India

Godowns at Bobbili were not being used for a very long time and the Food Corporation of India was not offering any traffic to Railways. Accordingly Sr. Divisional Commercial Manager, Waltair vide his office letter dated.18-05-2010 has issued One notice to the Food Corporation of India to remove structures and to handover the vacant Railway land within 30 days, failing which eviction proceedings to remove structures and take possession of Railway Land would be initiated. However, since Food Corporation of India, Bobbili has failed to vacate the said Public Premises, the Reporting Officer has referred the matter to Estate Officer, E.Co. Railway, Waltair for passing appropriate orders in the instant matter. In response to the information called for from Asst. Divisional Engineer/Rayagada by Estate Officer, the Addl. Divl. Engineer/Rayagada after verification of the records furnished a detailed sketch and Railway land under the occupation of Food Corporation of India vide his letter No.WVG/2/207 dated 13.02.2011.

In pursuance of Sub-Section (1) and clause (b)(ii) of Sub-Section (2) of section 4 of Public Premises (Eviction of Unauthorized Occupants) Act 1971, Opposite party vide letter No. EC/WAT/EO/03/2010/FCI/VBL/65 dated 11.05.2011 was called upon to show cause on or before the 20.05.2011 why such an order of eviction should not be made. And in pursuance of clauses (b), (ii) of Sub-section-2 of Section-4, Opposite Party was called upon to appear before the Estate Officer in person or through a duly authorized Representative capable to answer all material questions connected with the matter along with the evidence which you intend to produce in support of cause shown on 08.06.2011 for personal hearing in the chamber of the undersigned.

The Opposite Parties merely pleaded vide his letter date. 7.6.2011 that Regional office Authorities at Hyderabad advised the Area Manager, Food Corporation of India, Visakhapatnam about the feasibility to re-operate the FSD/Bobbili Godown. It is also seen that, the Area Manager, Visakhapatnam vide his letter dated 21-06-2011 requested the Sr. DCM/WAT (Reporting Officer) for re-consideration of opening the Godowns at Bobbili. In this regard the Reporting Officer/Sr.DCM/WAT reiterated the stand of Railways for cancellation of temporary license which was communicated to Area Manager, Food Corporation of India, Visakhapatnam vide letter No.WCL/1/VBL/2010.dated 18.5.2010.

Contd...3

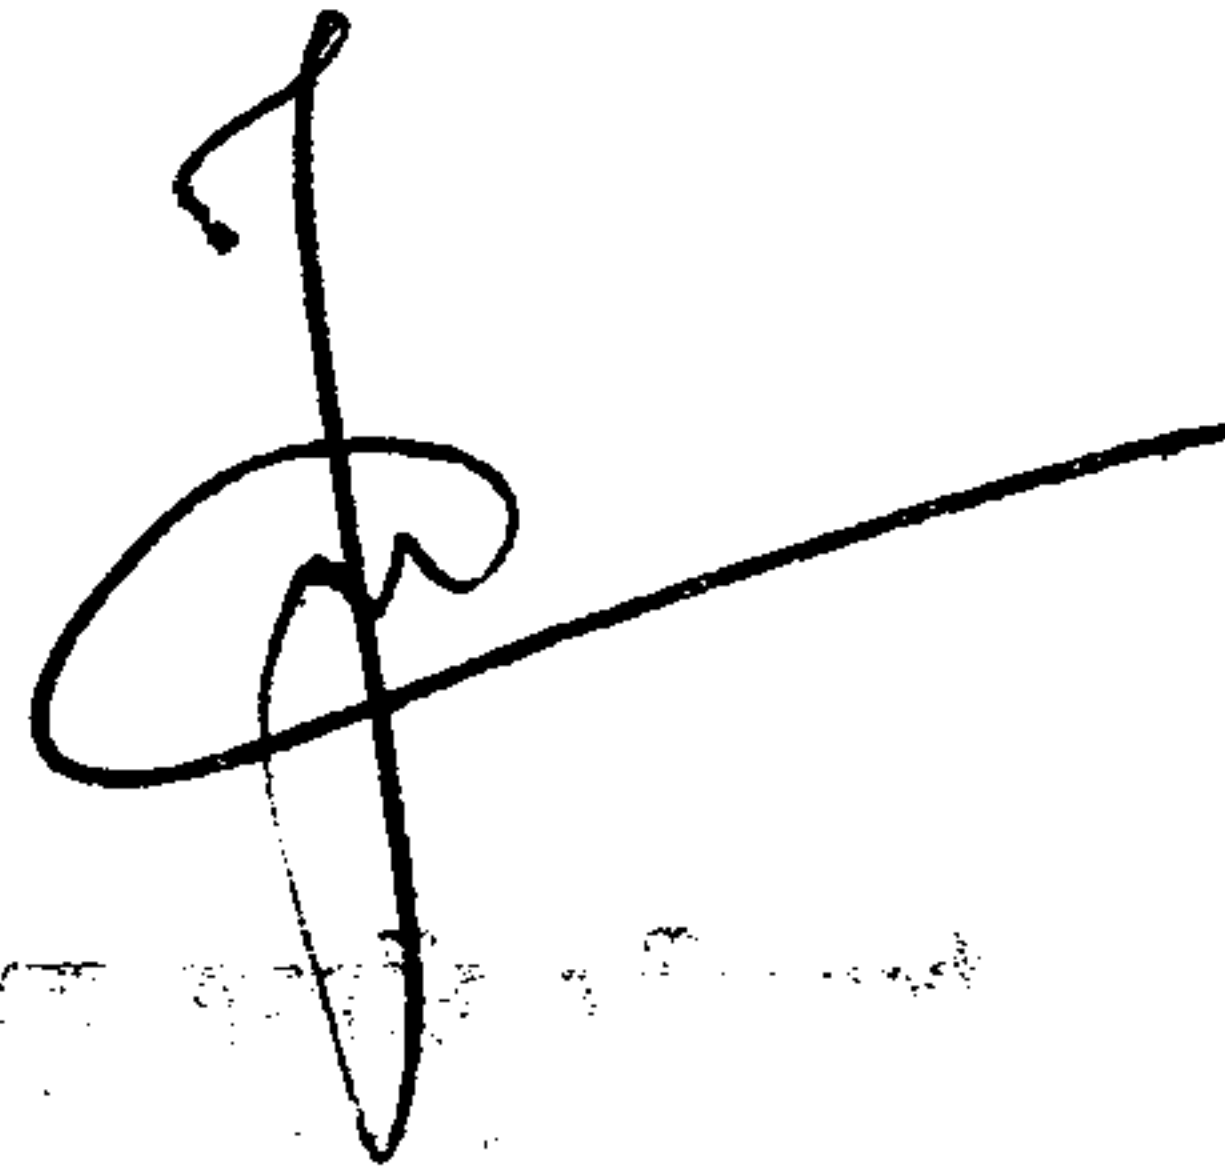

STATE OFFICER
Estate Officer, E.Co. Railway, Waltair

In this regard it is not out of place to mention here that as per the Clause 7 of the agreement entered into between the parties the Government/Railway shall be entitled at any time to give notice to the Occupier of its intention to resume possession of the land and subject to the proviso hereinafter contained the Occupier shall vacate the land, remove all materials and buildings belonging to the occupier and restore the land to its original state within 30 days after the date of such notice and the Government shall not be responsible for any inconvenience, loss or damage that may be caused or done to occupier by reason of his having to vacate on such notice. Further, the OP is well aware that license for occupation of Railway land at Bobbili for operation of FCI godowns was cancelled w.e.f.18.5.2010. Though reasonable opportunity has been given to the Opposite Party to present their case with valid documents and stand, except attending hearings on various dates i.e., on 08-06-2011, 06-09-2011, 19-09-2011, 28-11-2011, 09-01-2012 and on 09-04-2012 and requesting for next hearings so as to enable them to take up the matter with their head office, no tangible result has been achieved.

As can be seen from the inspection note dated 11.2.2010 of CCM/E.Co.Rly/BBS at para.4.2 that FCI godowns at Bobbili are not being used for a long time and neither FCI is offering any traffic to Railways which is prima facie a condition precedent. The CCM/BBS had also decided in the said note to cancel the License of Food Corporation of India apart from there is no need for the scheduled land to be treated as commercial plot.

Taking into consideration of the above aspects with regard to license of schedule Railway land the Temporary license in favour of Food Corporation of India has been cancelled w.e.f. 18.5.2010 and further occupation of Railway land at Bobbili is nothing but holding over and treated as Unauthorized occupation.

-000-

Kindly refer to this office letter cited seeking decision of the competent authority on the final eviction notice dt.8-6-2012 issued by East Cost Railway, Vizag on vacation of Railway land at FSD, Bobbili.

A committee of officers were deputed by this office to inspect the godowns and to explore possibility of retrieving the FCI material lying inside the godowns before enforcing the eviction proceedings by Railways. The committee inspected the depot on 28-6-2012 and submitted their report, which is enclosed herewith.

As per the committee report it is under stood that FCI may not be above to retrieve the material unless and until Railways start dismantling the structures, to avoid labour problem.

This is for your kind information and further advise in the matter.

2) GODOWN No.1:-

There is no way to enter into depot. The gate is closed. Though gate key is available with us, we could not open the lock as it is already rusted and not releasing the lever. However, we could enter through gate by jumping over. The varandah's and open space is completely grown with wild growth. The roof sheet on one side corner has gone away with winds. The entire godown inside is completely damaged.

- 1) Unserviceable platform scale – without platform
- 2) Beam scale rods.

3) GODOWN No.2:-

The entrance gate and surroundings are completely covered with wild growth and cannot open the gate unless the bushes are cleaned. It is understood from the labour that no material is available and the godown is already in damaged condition.

Though the labour have allowed us to open the godowns and listed out the items available in the depot as indicated above there is labour resistance to take away the FCI property unless and until a decision is taken by FCI to re-open the godowns.

In godown No.3, apart from above listed items, 4 bags of Raw Rice (Common) available in the depot. The samples were drawn by Manager(QC) and as per physical appearance the rice is completely encrusted since the stocks are lying in the godown for long from the year'2002 i.e., almost 10 years old. The samples were analysed in the District Lab and the report is enclosed herewith for further advise in the matter.

The committee is of the opinion that since Railways have given final notice and only when the Railways dismantle the structures for taking possession of land, FCI may retrieve the material at that time to avoid labour resistance and further complication etc., from labour.
