Dated: 3rd February, 2016

To
The Principal Secretary,
Co-operation, Food & Consumer Protection Deptt.,
Government of Tamil Nadu,
Secretariat,
Chennai-600009.

Sub: Relaxation in uniform specifications of paddy for KMS 2015-16 in Tamil Nadu - reg.

Sir,

I am directed to refer your letter no 11268/B1/2015-5 dated 29.1.2016 on the subject cited above and to state that based on the analysis results of paddy samples collected by the joint team of officers of FCI and State Government and recommendation of FCI, following relaxations in uniform specifications of paddy with full value cut in Nagapattinam district of Tamil Nadu for KMS 2015-16 (for kharif crop only) has been allowed with immediate effect:

(i) The limit of moisture content in paddy relaxed upto 20% against the existing limit of 17% with full value cut.

(ii) The limit of immature, shrunken and shriveled grains relaxed upto 5% against the existing limit of 3% with full value cut.

State Govt. shall maintain separate account for paddy procured under relaxed specifications. State Government should also ensure that relaxed paddy so procured is immediately milled to avoid any deterioration. The resultant rice shall conform to the uniform specifications and no relaxation in out-turn ratio is allowed.

Yours faithfully,

(Add: Forward to GS & WR/Conc. without copy)

(Dr. Subhash Gupta)
